

SIX°NORTH

ARTISANAL CRAFT BEER

**BORN IN
BELGIUM**

**BREWED IN
SCOTLAND**

Six°North have been producing modern, artisanal beers in North East Scotland since 2013. In our formative years the direction & output of our brewery was largely influenced by Belgian beer culture + tradition.

We now offer a broad range of styles to suit all tastes & palates; producing a core range of beers which is complimented by seasonal releases throughout the year.

Provenance is at the heart of everything we do; we source our malt & fruit as locally as possible from Scottish growers. We also have a commercial hop growing programme close to our brewery in Stonehaven.

Six°North have won multiple awards in recent years, including:

- **Beer Best Brewed Product:** Framboise Raspberry Beer (North East Scotland Food & Drink Awards 2022)
- **Best Session Beer:** Wanderlust Wheat Beer (Scottish Beer Awards 2021) + 2 star Great Taste Awards 2019

We supply many bars & shops with Six°North products, as the demand for our brand continues to grow. We have multiple listings with national retailers (Sainsbury's, Tesco + Morrisons).

New For 2024:

- **Unicorn Series** - small batch barrel aged releases
- **IPA Series** - rotating hop profiles
